# Life and Times at Sho Mai Sou Shiba Inu

## Sho Mai Sou Dog Sitting

In the past, Sho Mai Sou has informally cared for our (i.e., bred by us or owned by us) dogs. We have had a change in thought about this we are concerned we could be exposing the unvaccinated puppies to risk. We can no longer watch dogs not owned by us.

## Litter Plans / Adult Dogs

**Kimi Foxtrot Litter** – [Guccifer X Kimi Foxtrot Litter](#) arrived on time 12/26. Temp names were given. #1 is Natalia (Latin for Christmas), AKA Yin. She is a black and tan girl born at 242 grams at 7:20 pm. #2 is a cream boy named Egnog, AKA Yang (and many others, Frosty, Snowball etc.). He was born at 272 grams at 7:40 pm. Both are thriving puppies, but are unavailable at this time.

#### **From Dog Food Advisor Newsletter**

The U.S. Food and Drug Administration is **warning** dog owners not to feed one lot of Aunt Jeni's Home Made Dog Food after a sample tested positive for **Salmonella** bacteria.

The product represents a **serious threat** to human and animal health. For details, please visit the following link:

#### **Euthanasia Drug Discovered in Adulterated Animal Fat**

The FDA recently discovered an animal euthanasia drug (pentobarbital) in test samples collected at a major supplier of animal fat to the pet food industry.

We're unable to locate any information about which pet food brands may have purchased the affected ingredient.

For this reason, we recommend all dog and cat owners remain alert to the potential for future recalls related to this news.

## **GoodDog News 12/13/19**

Hi Rex and Tanya,

Congratulations! You have been awarded our "Excellent" recognition badge for health testing practices! Your badge will now appear on your Good Dog profile. The "Excellent" badge distinguishes those breeders who demonstrate an exceptionally high commitment to prioritizing the health of their dogs by performing the highest level of health testing on their breeding dogs as outlined in our Shiba Inu health testing guidelines.

We are always looking for ways to improve our breeding program. In 2020 we acquired training for the "[Puppy Culture](#)" program. Because of that, the time that our puppies go to their new homes will be changed from 10 weeks to 12 weeks. We expect this program to produce well-adjusted temperaments and less dog on dog aggression in our puppies.
